

CAS Chairs Meeting February 22, 2007  
AGENDA

1. ANNOUNCEMENTS.

2. ANNUAL REVIEW OF STAFF AND ADMINISTRATORS.

Issues from the Climate Survey, from Dean discussions with administrative assistants.  
[15 minutes]

3. THE NEXT STRATEGIC PLAN.

Think Big Picture: where do we want to go in the next 5+ years? How should we go about answering that question over the next 1.5 years? Here are three ingredients: (a) where are we: what's done and undone from the current Plan? (5 minutes) (b) how can we plan to plan: what's clear and unclear in the plan for the next plan (which the President gave to Chairs in December)? (10 minutes) (c) How do the different divisions (natural sciences, social sciences, humanities, and graduate) wish to plan to plan how to relate the College's Big Picture with their own division, and vice-versa? (30 minutes)

FUTURE MEETINGS.

(March, April, and beyond). I have a couple of dozen proposed agenda items to sort through. The most urgent for the March meeting will be proposed revisions in implementing the diversity requirement.
